Courses to take Summer 2015 to reduce your course load or time to degree:

1. Complete any missing preparatory courses (Math, Physics, Chemistry)
2. **MECH&AE 105A (Intro to Engineering Thermodynamics)** Requisites: Chemistry 20B, Mathematics 32B. This course is a requisite to MECH&AE 105D which should be taken no later than winter quarter of junior year.
3. **MECH&AE 103 (Elementary Fluid Mechanics)** Requisites: Mathematics 32B, 33A, Physics 1B. This course is a requisite to MECH&AE 105D which should be taken no later than winter quarter of junior year.
4. **MECH&AE 182A (Mathematics of Engineering)** Requisites: Mathematics 33A, 33B. This course is a requisite to other required and elective courses.
5. Other summer course options: MAE 102, EE 100, MSE 104, MAE 94, MAE/CEE M20 (or CS 31).

**Summer Advising:**

- Attending orientation is recommended for all incoming students. Please visit the orientation website for details: [www.newstudents.ucla.edu/transferstudents.htm](http://www.newstudents.ucla.edu/transferstudents.htm)

- If you are unable to attend orientation, you must sign up for email advising in order to enroll in courses for the fall quarter. Email orientation@seas.ucla.edu and notify us starting in mid-July that you cannot attend (include your name and UID).

**Requisite Evaluations for Summer Enrollment:**

1. For transfers from California Community Colleges: First check [assist.org](http://assist.org) to see if you can verify you meet requisites for the summer course.

2. If you were unable to determine if you meet the requisite, then you may have courses evaluated. Please contact course_eval@seas.ucla.edu for more information on the course evaluation process. Only UCLA summer course requisite credit will be evaluated.

3. **For students NOT taking summer courses, course evaluations will be completed at summer orientation. Please do NOT contact us about evaluations before orientation.**
